

Stanhope firemen support the chief

But the problems may not be over

Stanhope's fire department appeared to be back on an even keel this week following a series of problems that have yet to be fully resolved.

Chief Richard Kinsman, who founded the department in 1972 and who has headed it ever since, is serving a six-month probationary reappointment to the position following his dismissal in October and reinstatement, December 20. In June, council will decide whether he should stay or be removed as head of the 20-man department. But the question has been complicated recently by clerk treasurer Gerald Bain, who said publicly that he would resign from his position if Kinsman is reinstated.

At the centre of the problems in the Stanhope fire department is the construction of the firefighters hall and the spending of funds to equip it.

Last week, in a move intended to heal the rift that has spread from the fire department to the township as a whole, council agreed to appoint a nine-member committee from outside the department to administer completion of the hall.

According to individuals on both sides of the issue, problems in the department can be traced back at least to 1976, the year construction of the hall began.

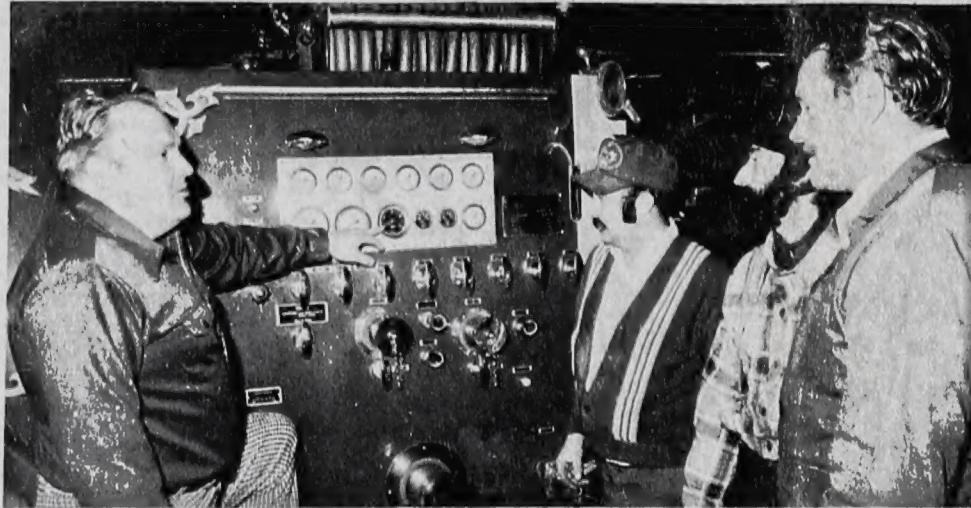

At that time, council voted to provide the firemen, who are all volunteers, with an honourarium of \$75 to replace or clean clothes damaged or soiled in the line of duty. A vote was taken among the 24 member department, and the

majority agreed that the money would be allotted on the basis of \$1.50 per training session attended rather than in a lump sum.

The decision caused the first rumblings of discontent to surface, and according to chief Kinsman, there was a feeling in the department that a few of the members "were not pulling their weight", not attending training sessions and not donating as much labour to the construction of the hall as some others.

In March of 1977 chief Kinsman and three other

PCB content of some waste road oil exceeds guidelines, Minister admits

Concentrations of PCB's (poly chlorinated Biphenyls) higher than the 25 parts per million (ppm) allowed under provincial guidelines were found in ten percent of waste oil sampled at collection facilities last spring, the provincial Minister of the Environ-

ment has revealed.

Dr. Harry Parrott made the statement last week in a letter to Sonya Holliday-Rhodes, chairman of the Haliburton County Anti-Pollution Committee.

"About 150 samples were taken," Parrott said, "and of

these, 90 percent were below the interim guideline of 25 ppm."

"It is difficult to understand how many of these oils become contaminated, and staff are attempting to locate sources of PCB's among the larger sources of waste oil,"

he said.

Waste oil is frequently spread on unpaved roads for dust control, and the local anti-pollution committee has been pressing municipal councils to end the practice. The committee maintains that highly contaminated road oil may already have been applied inadvertently to Haliburton County roads, and that the presence of PCB's in the oil could pose a significant

health hazard. (PCB's have been linked to cancer and sterility in studies with animals).

Since PCB content higher than provincial guidelines was found last spring, "the possibility for gross contamination occurring inadvertently must be recognized," Parrott said, "and for this reason, the waste oil collectors have been advised to analyze all the oil this year to ensure compliance with the guideline."

The local committee is urging councils to use calcium chloride rather than waste oil for dust control to avoid the potential for PCB related contamination of the environment. So far no local council has made the decision to abandon road oil because of the committee's concerns, although county council has acknowledged that the matter should receive further consideration.

That consideration could come soon when the Ministry of the Environment releases a study on the environmental consequences of using waste oil and calcium chloride for dust suppression.

"A report on this study is expected to be completed shortly," the minister said, adding that he would reserve comment on the matter until the study is completed.

"For your information, however," he told Holliday-Rhodes, "many municipalities use calcium chloride with no apparent ill effects."

"We are fully aware of the environmental concerns with respect to PCB's, and are endeavouring to find safe and efficient means of disposal," the minister concluded.

Dysart ratifies agreement with its road workers

Dysart et al council has ratified an agreement with its road workers for a two year contract totalling 15 percent.

The workers, who are members of local 2142 of the Canadian Union of Public Employees, had been without a contract since the beginning of the year.

Settlement was reached without conciliation, at a meeting February 21.

The new agreement is identical to one worked out February 7 between the

Cont'd. page 2

Group may be formed to restore Kinnmount station

A public meeting will be held in Kinnmount Thursday night to discuss the possibility of turning the unused railway station in the village into a museum.

The meeting, called by the recently formed Kinnmount Historical Society, is intended to inform the public about a proposal presented to Somerville Township council February 7 by the Historical Society in conjunction with the local Horticultural Society.

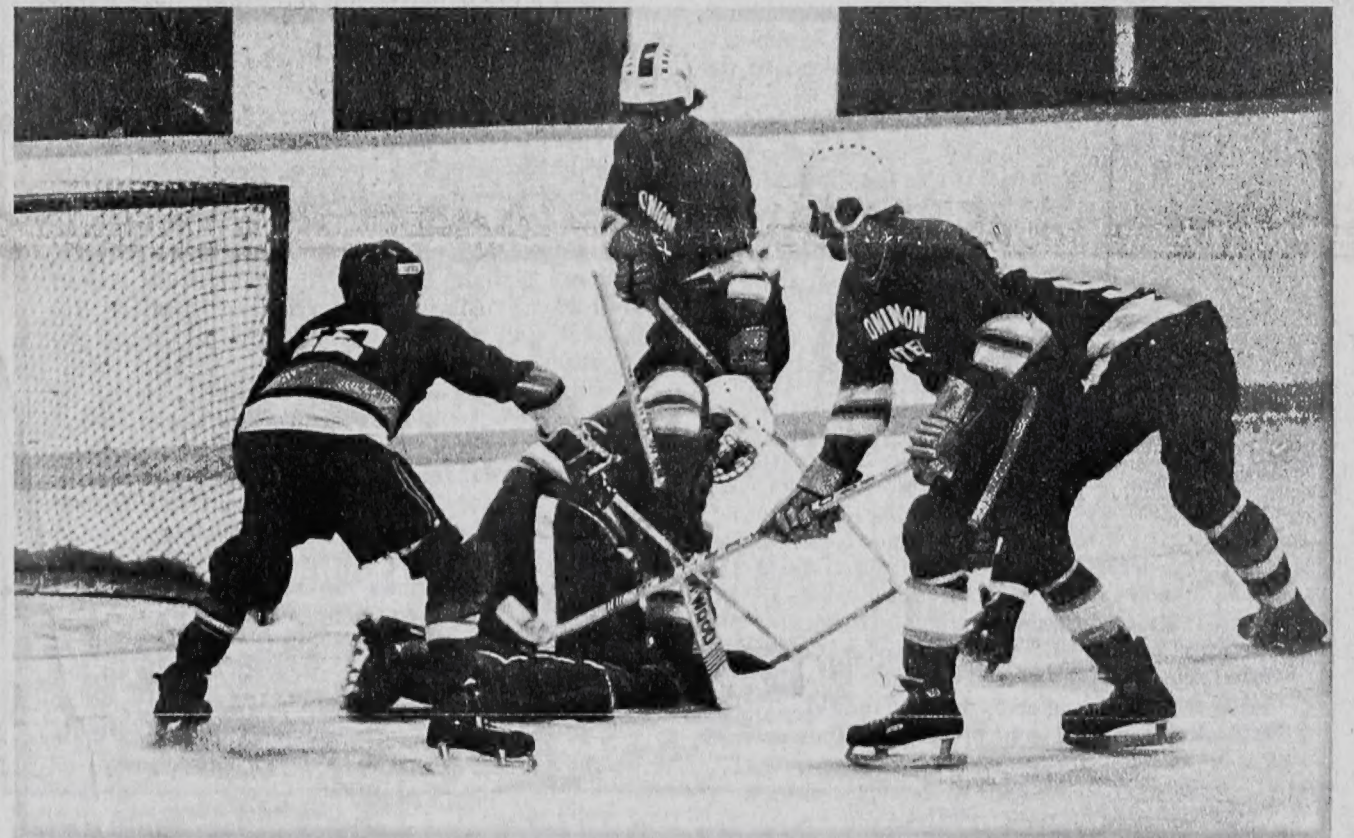

According to Horticultural Society President David Longford, the proposal "Encompassed the intended restoration of the building to be used by the community as a tourist attraction and community focal point."

In a letter to Horticultural Society members, Longford said "the nucleus of the facility would be a pioneer museum with accompanying demonstrations of methods, inside and outside displays. The building itself is large enough to house clubs, films and historical entertainment in the off season."

"The open space setting of the facility also lends itself to becoming an attractive park and green space area for the village," he said.

Purpose of the proposal, Longford said, "is to ensure the permanency of the last remaining heritage building in Kinnmount. The project will serve to rejuvenate the core of the village and bring both social and economic benefit to the community."

Somerville Reeve Maurice Watson is expected to act as chairman for the meeting, which could see the formation of an association to administer the proposed project.

A team from the Dominion Hotel in Minden gave the Haliburton Chalkdusters a hard fought game last Sunday in the championship side of the Kinsmen Hockey Tournament. The game went to the

Chalkdusters in a shootoff following an overtime period, and the 'Dusters went on to win the championship of the tourney. Details are on page 6.

Businesses get I.D. numbers in crime prevention effort

Identification numbers that should help police identify stolen property and return it to its owners will be issued to every business in Haliburton County over the next few weeks, according to Minden OPP.

The local effort is part of a national program known as Operation Provident, administered by the federal Ministry of the Solicitor General.

Wim Magee, community services officer for the Minden detachment, said Monday that some 35 businesses have already received numbers in efforts that began last Thursday, and that all of the approximately 450 businesses in the county will have numbers assigned to them before summer.

The numbers consist of a six digit series prefaced by an area designation code, which identifies the province and police detachment in which the business operates. Locally issued numbers carry the preface OP5. Businesses can apply the number to property and stock using any of several means, including rubber stamps, engraving, china marker felt pen, or an invisible marking system. If an item is lost or stolen, it can then be traced to the business which owns it.

While the numbering sys-

tem will ultimately help in the prevention of crime once its use becomes widely known, its primary aim is to help police know if a crime has been committed, even before the victim is aware he or she has been victimized.

If, for example, an officer checking a vehicle finds items bearing a Provident Code, he can check with the detachment to determine the name of the business from which those items came. It is then a simple matter to contact the owner of the business to find out if the person in possession

of the items has a legal right to have them.

The program began in February, when numbers were distributed to police commissions and detachments across Canada. The numbers will remain with an individual business as long as it exists.

Though businesses will be urged to make use of the numbers, participation on the program is strictly voluntary, constable Magee said. Organizations will also be issued with numbers, but the system will not apply to individual home owners.

It is expected that distribution of the numbers for Haliburton County business-

es will be completed before summer, and the OPP are asking that business people avoid phoning the detach-

ment for their number. Each business will be visited individually, constable Magee said.

Rotary plan 3rd Skate-a-thon

The third annual Minden Rotary Skate-a-thon will take place at the Minden arena on Friday, March 30 and Saturday, March 31.

The Skate-a-thon provides a unique fund-raising opportunity for all clubs, organizations and charities throughout the county. The program is administered entirely through the Minden Rotary Club. Pledge money raised by the skaters is shared equally by the Rotary Club and the organizations named on the skaters' pledge sheets.

All monies raised by the Minden Rotary Club in this Skate-a-thon will go towards community projects.

Skating times are as follows: Friday, March 30, 7:00 p.m. - 10:00 p.m., and Saturday, March 31, 11:00 a.m. - 1:00 p.m. Pledge sheets can be obtained at Floyd Hall Insurance and Northland Surplus in Minden. For further information, call Bob Penfold, 286-1442.

A slight adjustment to her snowshoes and Shauna Pearson was on her way after falling at Camp Adelaide on Saturday. Twenty girls from the first and second Haliburton Brownie Packs along with 6 leaders attended the Winter Camp and studied Canada's Native peoples. The girls received their Native Lore, Craft, and Snowshoeing badges.

Township clerk has said he'll resign if chief is reappointed

from page 1

firemen were involved in the purchase of a tank truck to replace a smaller tank truck which had been repaired and maintained by the department. The \$1,500 cost of the truck had been approved in the year's fire department budget, and the purchase was made in consultation with then township reeve Sinc Nesbitt. But some members of the department felt the purchase should have been discussed with the department as a whole, and were angered.

Indeed both sides in the dissension that has occurred in the department admit that the way in which the tank truck purchase and a number of other small matters were handled, added to the split which was rapidly developing among the firefighters.

A third matter which contributed to problems within the department was the appointment of Carl Harrison as deputy chief. Chief Kinsman brought the matter to council for approval before asking the department as a whole to vote on the selection, and when the appointment was reported in a local newspaper, a number of firemen were angered at the way in which the appointment was handled, according to a former department member.

Fourth cause of dissension in the department was expenditures made to equip the firefighters hall.

When the project was initiated in 1976, total cost was estimated to be \$133,693.37, according to figures provided by clerk Gerald Bain. Of that amount 25 percent, or \$33,423.34 would come from the Ministry of Culture and Recreation Community Centres grant program. The balance, \$100,270.03 was eligible for 50 percent Wintario funding of \$50,135.

Donated labour on the hall valued at \$25,144.87 was matched by Wintario, as was donated material valued at \$6,524.30. Cash donations from the firemen amounting to \$9,507.77 left a direct cost to the taxpayer of \$8,859.00.

A total of \$40,000 has been advanced to the building committee of the firemen's association to complete and equip the hall, all but the \$8,859 of it recovered or recoverable under the terms of the agreement with Wintario.

But problems arose when some of the money was spent to purchase a stove, fridge, freezer, as well as to buy tables and chairs for the hall.

The purchases were apparently made on the understanding that council had given its permission for the money to be spent as the committee saw fit. But the fridge, stove and freezer were returned or resold when some firefighters objected to the lack of department input on the purchases.

Tables and chairs were also purchased in January of this year for the hall without direct council approval.

Dissension continued to grow in the department, and in June of last year, chief Kinsman sent registered letters to four firemen, Ross Ballantyne, Bob Jennings, Larry Hewitt and Neil Griffin, informing them that they were fired from the department.

Chief Kinsman maintained in an interview this week that he had the reeve's approval to take the action, but on June 14, council passed a resolution noting that the decision to dismiss men could only be made by council, and placing the four men as

well as chief Kinsman on two months suspension. The resolution added that all five would be invited to rejoin the department after the suspension in consultation with the deputy chief and council.

On July 5, council held a committee-of-the-whole meeting on the fire department problem, but no resolutions were passed following the adjournment of the committee.

On August 9, council decided to invite the five suspended firemen to a closed meeting August 15. There are no minutes of that meeting.

September 6, council decided the five suspended firemen should be invited to attend a meeting September 11.

Two firemen had by now submitted their resignations and at a special meeting September 26, council called on the other two firemen to submit their resignations as agreed at the September 11 meeting.

On October 11, at a regular meeting, council passed a resolution stating that "with all the difficulty that has arisen within the fire department through misunderstanding and conflict of interest and personality, therefore council has decided that to restore continuity within the department and to provide fire protection council has been left no alternative but to dismiss Dick Kinsman, Ross Ballantyne, Bob Jennings, Neil Griffin and Larry Hewitt with the understanding that after three months, any can be reinstated."

The department was then down to 19 members, with Gordon Martin replacing Carl Harrison as deputy chief.

To make the dismissal of the chief official, council rescinded the by-law which had appointed him.

On November 8 a delegation consisting of Gordon Martin, Ross Ballantyne and Neil Griffin attended council, but no resolutions pertaining to the department were passed.

A special meeting was held December 12 to review a fire department establishing by-law, but no decisions were made on the matter.

On December 20 the newly elected council gave the fire department establishing by-law two readings, and voted to reappoint Richard Kinsman as chief on a six-month probationary period.

Elgin Stouffer and James Harrison voted nay to the resolution in a recorded vote.

Then on January 10, five further resignations were received from Don Barker, Dale MacDonald, Robert Nangle, Hector Arsenault and Harold Barjarow. All were accepted by council. Bill Cowan had resigned earlier, bringing to ten the number of resignations.

On February 14, 19 men were appointed by council to make up the present department, and at the March 7 meeting, council decided to appoint a committee of management for the firefighters hall.

Also at the February 14 meeting, clerk Gerald Bain went on record saying that he would resign in

Bain went on record saying that he would resign if Richard Kinsman was reappointed in June.

For the moment however, the department is functioning, and is ready to answer calls in the municipality, chief Kinsman and the 19 other firefighters stressed in interviews Monday night.

Low scores, determined play in 27th Glen Dart Memorial

Thirteen teams from Haliburton County and Millbrook faced off last weekend in the 27th annual Glen Dart Memorial Hockey Tournament.

Every division from Tyke through Bantam was represented in the tournament, which featured a single game Friday night and six games throughout the day Saturday.

In the Tyke Division, Minden met Haliburton Friday and won the contest 4 - 2.

There was no scoring in the first period, but in the second period, Haliburton came up with two quick goals off the stick of John Vuksic at 7:58 and 7:04 to take the lead.

From then on it was all Minden as Travis Kellett scored at 6:02, Vincent Stamp at 4:16 and Joey Boyle with 47 seconds left in the period to take a 3 - 2 lead.

In the third period, Minden stretched the lead to 4 - 2 on Joey Boyle's second goal of the game, and Haliburton was unable to catch up, giving Minden the honours for the Tyke Division.

In the Novice division, played Saturday, Haliburton #2 met Wilberforce and ended up on the low end of a 4 - 1 score.

Wilberforce got on the board first, late in the first period on a goal by Shawn Stoughton.

In the second period it was Wilberforce coming on with three more, two off the stick of Tim Hunter and the third from Shawn Stoughton.

Haliburton's lone goal of the game came early in the third period, when Ben Packard connected unassisted.

In the second Novice match of the tournament, Haliburton #1 faced off against Minden and lost 4 - 0.

Minden scored three in the second period, from Derek Allison at 8:27, and Scott

Nesbitt at 6:15 and 4:05 to move ahead 3 - 0.

In the third period it was Neil Graham getting the final goal for Minden with just 44 seconds left in the game.

Wilberforce met Haliburton #2 in the first game of the Atom division and went down to defeat 5 - 2.

Haliburton scored one in the first period, at 5:01 when Eoin Ross connected. John Waugh evened things up for Wilberforce at 4:29 and it wasn't until the last minute of play in the second period that Haliburton's Rob Thibadeau put his team ahead 2 - 1.

In the third period, Wilberforce came back to tie the score with a goal at 7:43 off the stick of Mike Rutter, but three more Haliburton goals put the game out of reach.

Scoring for Haliburton were Jimmy Dodd, Eoin Ross with his second, and Darryl Goodall.

Second game in the Atom division saw the same Wilberforce team meet Haliburton #1 and this time the same score went in favour of Wilberforce.

There was no scoring in the first period, but in the second, Wilberforce found the mark and exploded for five goals before the period ended.

Scoring were K. Mumford, Mike Rutter with two, Brian Hopwood, and Mike Rutter with his third.

Haliburton staged a comeback in the third period, tallying twice, once each off the stick of Jaro Cooper and Wallace Wood, but it was too little too late for the Haliburton #1.

Final score was Wilberforce 5, Haliburton #1.

In the Pee Wee division, Haliburton took on Millbrook for what turned out to be a low

scoring contest.

Only goal of the game came from Millbrook at 6:46 of the second period.

Final game of the tournament saw Haliburton Bantams take on Wilberforce and come out on the losing end of a 2 - 1 score.

There was no scoring in the first period, but at 8:17 of the second, Wilberforce's Glen Clarke connected from Grant Remmelgas and Lyle MacDuff.

In the third period, Wilberforce made it 2 - 0 at the 11:27 mark when Keith Foster scored from Clarke and Mike Smith.

Haliburton's lone goal of the game came in the third period when Colin Hore found the mark, assisted by Dean Curry and Tony Vanlieshout.

Winning teams were presented with the Glen Dart Memorial trophy.

DREE agreement may include Haliburton

Haliburton County will almost certainly be included in the area covered by an Eastern Ontario Economic Development Agreement currently being worked out by the provincial and federal governments.

The information is contained in a letter sent to Victoria-Haliburton MP Bill Scott from Regional Economic Expansion Minister, Marcel Lessard.

The agreement would make low interest loans and other incentives available to industries willing to locate in the region.

Lessard's statement is good news for area politicians who have been attempting for a number of years to convince the federal government that Haliburton County is an eco-

nomic depressed area that could benefit from DREE funding.

In the absence of an agreement to cover Haliburton County and other eastern areas of the province, the Minister has said in the past that the boundaries where existing agreements applied would not be expanded.

News of the Eastern Ontario Agreement, and of the possible inclusion of Haliburton County in the area it will cover, comes only weeks before the provincial Ministry of Treasury, Economics and Intergovernmental Affairs is scheduled to reveal before County Council the conclusions of a county-wide economic study which has been underway since January.

The Minister's letter notes that "although the area to be covered by the agreement and the elements of the agreement are still under discussion...the County of Haliburton is included in the area currently receiving consideration."

No schedule for completion of the agreement has yet been announced.

Dysart ratifies

from page 1
county and its road workers, who are also CUPE members. It calls for wage increases of 40 cents across the board retroactive to January 1, 1979, a further 25 cents an hour December 1 of this year, and a final 20 cents an hour May 1, 1980.

The rink of Rick Wood, Bob MacNaull (skip), John Wilson and Mike Stinson were the winners of the Rotary sponsored Jack Robertson Memorial bonspiel last Wednesday at the Haliburton curling rink. Technical problems made pictures taken at the bonspiel, where Mrs. Robertson presented the trophy, unusable, and Mrs. Robertson was unfortunately not available when the picture was retaken later.

HSES students open restaurant for staff

There was great excitement at the Senior Elementary School, Friday when Mr. David Mann's class opened their Good Food Restaurant. Sixteen members of the staff took advantage of the varied menu and reasonable prices. The students, under the supervision of their teacher, prepared, cooked, and served the food themselves.

The staff had been looking forward to this event for

several weeks, watching with interest the shopping for groceries, the preparation of the kitchen, the daily practices in personal cleanliness, the making of menus and publicity, the run through of procedures and, finally, the setting of the tables. No detail was overlooked.

Raymond Chadwick, Brian Harrison and Michael Kellar, properly attired in spotless aprons, waited on the res-

taurant patrons, while Colin MacKenzie and Bradley Trumbull handled the kitchen duties. The roll of Maitre'd was efficiently performed by David Irwin.

The dining room atmosphere was enhanced by soft music.

We understand that this is to be a weekly project, and in the meantime congratulate these students on a job well done.

County economic group will seek public input, direction

Haliburton County's newly revived Economic Development Commission will go to the public next month to ask for input on the direction the Commission should take.

A series of three public meetings will be held in April at which special interest groups, associations, organizations and individuals can

present briefs to the Commission outlining the direction and approach they think should be followed to improve the county's economy.

The Commission, which is made up of members of the Chamber, county council and the public sector, was formed last month in an expanded nine member form to replace a previous, three member

economic development committee.

First of the three public meetings will be held at the PineStone Inn on Wednesday, April 11 at 7 p.m. Second meeting is slated for the following Wednesday, April 18 at the Frost Centre near Dorset. The third meeting will be held at the Lloyd Watson Memorial Centre in Wilberforce, Friday, April 27.

Reason for the Friday date of the final meeting is to give people who cannot be present at the mid-week meetings an opportunity to address the Commission.

Once the series of meetings has been completed, the Commission is expected to prepare a working document summarizing the concerns expressed in the briefs. The document will then be circulated to those who took part. A final workshop is planned to discuss the working paper and to come up with a set of priorities for the Commission.

Representatives from the various levels of government are also slated to be involved in the public meetings.

Final result of the meetings and workshop is expected to be a "plan of action" on economic development for Haliburton County.

Various acts booked for Festival of Arts

Maple Sugar, Puppetmovers Powell, and Sharon, Lois and Bram (The Elephant People) have been contracted by the Victoria County Spring Festival of the Arts to appear in various locations in the county during the week of May 25 to June 3.

Maple Sugar is a country and western band featuring the well-known fiddler Graham Townsend. The Elephant People, nominated for a Juno award, and Puppetmovers Powell are well-known children's groups.

Also under negotiation are Sneezy Waters, Theatre Beyond Words, Green Fiddle

Morris, Max Mouse and the Gorillas and others.

The County Festival, now in its second year, attempts to provide entertainment, displays and workshops from a broad spectrum of the arts. Musically it plans to include an assortment of country and western bands, rock groups, children's groups, jazz and blues, and local talent. Various endeavors in the arts and crafts will be presented, including workshops. Film festivals will be held, as well as theatre plays. A parade, a street dance and a Renaissance Day are also planned.

"SUNSET"

At a meeting of Monmouth Township council last Monday, the following matters were considered:

An honourarium of \$50 will be given to the seven members of the Monmouth Fire Department who participated in the First Response Team program, council decided. Councillor Alan Revill declared a conflict of interest in the matter, and did not take part in discussion or voting.

Bot Construction was given permission to set up a way-side pit on Lot 34, Concession 11, Monmouth Township on Condition that all work is to be completed to the satisfaction of the Ministry of Natural Resources, Pits and Quarries Act, Township Restricted Area By-law 78-6, and that all roads are to be left in good condition, satisfactory to the township road committee.

Road accounts in the amount of \$4,404.63 for February were approved for payment.

Also approved for payment were General accounts of \$17,748.86, Welfare payroll of \$1,619.77, and O.H.R.P. voucher of \$4,249.50.

Council approved the purchase of an IBM Selectric typewriter at a cost of \$783, plus tax, a desk to match the present desk in the municipal office at a cost of \$688.55 plus tax, and a cupboard for supplies.

The clerk was authorized to set up a meeting with the Ministry of Transportation and Communication concerning the possibility of obtaining 100 percent subsidy for work on Dillman's bridge.

A bid for Clement Boyd for a submersible pump at a cost

of \$563.77 was accepted by council.

At a special meeting following the regular meeting last Monday, council approved a road budget for 1979 of \$77,133.33.

It was also resolved that council will apply for an Experience '79 grant to hire students for the summer.

It was also decided that a letter would be sent to Keith Cameron advising him that the building inspector and by-law enforcement officer position is being expanded, and will be advertised in the Echo.

The expanded position will require approximately 500

hours per year plus mileage, with Ontario Home Renewal inspections to be over and above the basic pay of \$2,500 a year.

Applications for the job must be received in the township office by 4 p.m. March 30, council decided. Council will meet again April 2.

Snowmobile crash injures two

Two people were taken to hospital Saturday, one of them with major injuries, after the snowmobiles they were operating collided on Kennis Lake.

Minden OPP say Louise Fletcher, 61 of RR 1, Hannon was northbound when her '79 snowmobile struck another operated by a 14 year old juvenile from Toronto. The Toronto youth's machine had been westbound when it slid sideways and was struck.

Fletcher suffered major injuries, while the youth's injuries were said to be minor. Both were transported to Haliburton hospital.

Damage to Fletcher's machine was estimated at \$2,000, while damage to the second machine was estimated at \$1,600.

In another snowmobile mishap, a stuck throttle resulted in \$700 damage to a 1972 machine and \$100 damage to a dock on Head Lake.

Police say Scott Cook, 17 of Haliburton had parked his snowmobile beside Head Lake, and when he started it, a stuck throttle caused the machine to accelerate westbound along the lake. It travelled about 300 feet without a driver before striking a dock and stopping.

The incident took place at 3:30 p.m. Sunday afternoon.

A car which struck a van in Minden early last Tuesday morning caught fire on Horseshoe Lake Road #2 less

than three hours later and was totally destroyed.

The incident began, at 1:15 a.m. according to police, when a 1979 Z28 driven by Charles J. Walker, 21 of

Oshawa made a U turn on Minden's main street and struck the rear of a van stopped on the same street.

The van, owned by Glenn M. Bowman, 24, of RR 1 Kinnmount, suffered \$100 damage, while damage to Walker's car was estimated at \$1,000.

Walker was charged with careless driving as a result of the mishap.

Walker was westbound on Horseshoe Lake Road #2 at 4 a.m. when a fire started which destroyed his vehicle. Police say a leaking radiator which caused the engine to overheat may have been the cause.

Walker's car was valued at \$8,000.

In another mishap, a Bancroft man was taken to hospital suffering minor injuries after the van he was driving skidded into a service station lot and struck a parked vehicle last Wednesday.

Minden OPP say George Otto, 54, was eastbound on highway 648 and braking when his van skidded into a service station lot in Harcourt.

Otto's vehicle collided with another owned by William Bowers of Wilberforce.

Otto was taken to Bancroft hospital following the collision.

Damage was estimated at \$800 to both vehicles.

A Tory Hill woman suffered minimal injuries last Wednesday when the car she

was driving went out of control.

Minden OPP say Elaine E. Holland, 54, of Tory Hill, was southbound on highway 121 south of the Essonville Line when her car went out of control and struck a snowbank.

Damage to the car was estimated at \$800.

Contract for paving awarded

Transportation and Communications Minister James Snow has announced the award of a contract for grading, drainage, granular base and hot mix paving on Highway 503 from 15.3 miles east of Highway 121 easterly for 9.3 miles.

Work on the project is scheduled to begin in May, 1979 with completion set for early summer, 1980.

The contract is awarded to Bot Holdings Limited; Bot Construction Limited; Bot Construction (Canada) Limited; and Clarkson Construction Company Limited of Oakville, Ontario at a cost of \$1,910,231.

Provisional County of Haliburton

HALF LOADING REGULATIONS

All County Road of the Provisional County of Haliburton shall be posted and enforced for half loads as soon as conditions warrant, until April 30, 1979.

M. Fearrey, Chairman
W.E. Obee, County Engineer.

HHSS students heading for Yucatan to study old ruins

Close to 25 Haliburton Highlands Secondary School students will spend next week's Yucatan break in Mexico's Yucatan peninsula.

The students all in grade 11, will spend several days studying the ruins of Mayan civilization that dot the Yucatan region of Mexico.

Frank Wallace, history teacher at HHSS who is in charge of the trip, said the existence of the Mayan civilization is at odds with conventional historical thought,

and that the trip will encourage students to test the facts they have learned from books.

The students will leave March 23 and will return March 29.

A number of area citizens are also expected to accompany the students on the trip, Wallace said.

Students will fly to Miami before boarding a plane for Merida, capital of the Yucatan.

Tuesday night bowling scores

Six people rolled triples of over 700 last Tuesday night in combines bowling action.

High roller of the evening was Bruce Medcalf Sr. who came up with a 744 on games of 275, 230, and 239.

Others with triples over 700 were: Jack Yateman, 742 - 160, 339, 243; Art Beatty, 739 - 253, 241, 242; Harry Baker, 713 - 248, 239, 226; Georgina Bolland, 707 - 262, 210, 235; and Pearl Foster, 701 - 201, 201, 299.

High single of the evening was Jack Yateman's 339.

Others bowling games over 200 were: Eva Piper, 280, 212; Alice Jones, 201, 270; Bruce Medcalf Jr., 248, 211; Gail Medcalf, 247; Ken Piper, 269, 215; Harry Hobden, 242; Ian Colman, 222, 261; Bob Patton, 229, 228; and Bill Donnelly, 255.

Team standings as of last week were: Eva, 30; Bruce Sr., 28; Art, 26; Lil, 23; Harry, 20; and Pearl, 20.

It's time to forget the past and look ahead

For more than two years, the fire department of Stanhope township has been a centre of dissension, and that dissension surfaced into controversy in June of last year when four firemen and the chief were suspended by council. The move caused a rift in the community which has yet to narrow. And in the next few months it seems certain that the fire department will continue to be at the centre of council and the ratepayers concerns. Each group will be called on to make difficult decisions if the rift is to disappear. It won't be a simple matter to sweep away years of dissension and start anew, but for the good of the township, that is what must be done. And it can only be done if all sides strive to forget the mistakes of the past and look to the potential for harmony in the future.

In the centre of the controversy surrounding the department is chief Richard Kinsman, the man who was instrumental in forming and building up the department to its present state. There can be no doubt that the chief is a concerned and dedicated man who believes in the rightness of the decisions he has made. What council and some firemen have called into question however, are his administrative skills.

Dissension grew among the firemen over what appeared, in retrospect, to be petty issues. An honourarium was assigned at \$1.50 a meeting instead of in a \$75 lump sum. A tanker truck was purchased with money that had been approved for the use, and with the permission (through a long distance phone call) of the then township reeve Sinc Nesbitt. The purchase ultimately cost nothing, since the truck that was being replaced was sold for the same \$1,500 figure that was spent to purchase a newer, larger capacity tank truck. Yet some firemen were upset at the way in which the decision was made without the approval of the department as a whole. These and many other minor issues grew and festered, until a number of firemen who were expressing dissent were dismissed by the chief.

When the dismissal came, it was carried out by registered letter, a fact which left some of those who were dismissed smarting.

Where does the fault for all these problems lie? There is little doubt that while individual errors in judgement may be involved all through the period when problems were coming to a head, the bulk of the blame for the present situation has to rest with council, past and present.

For the fact is that council did not scrutinize purchases made for the firefighters hall construction and equipping to the degree that their mandate required.

Any significant purchases made with taxpayers money must be approved by council. And yet approval was given for the purchase of the tank truck without a special council meeting to get that approval. It is a small point perhaps, in light of the fact that the tanker was budgeted for but seven months later, in December of 1977, money was spent to purchase a fridge, stove and freezer for the hall, again without specific council approval, because the earlier mistake had not been explained, and precautions taken to see that it wasn't repeated.

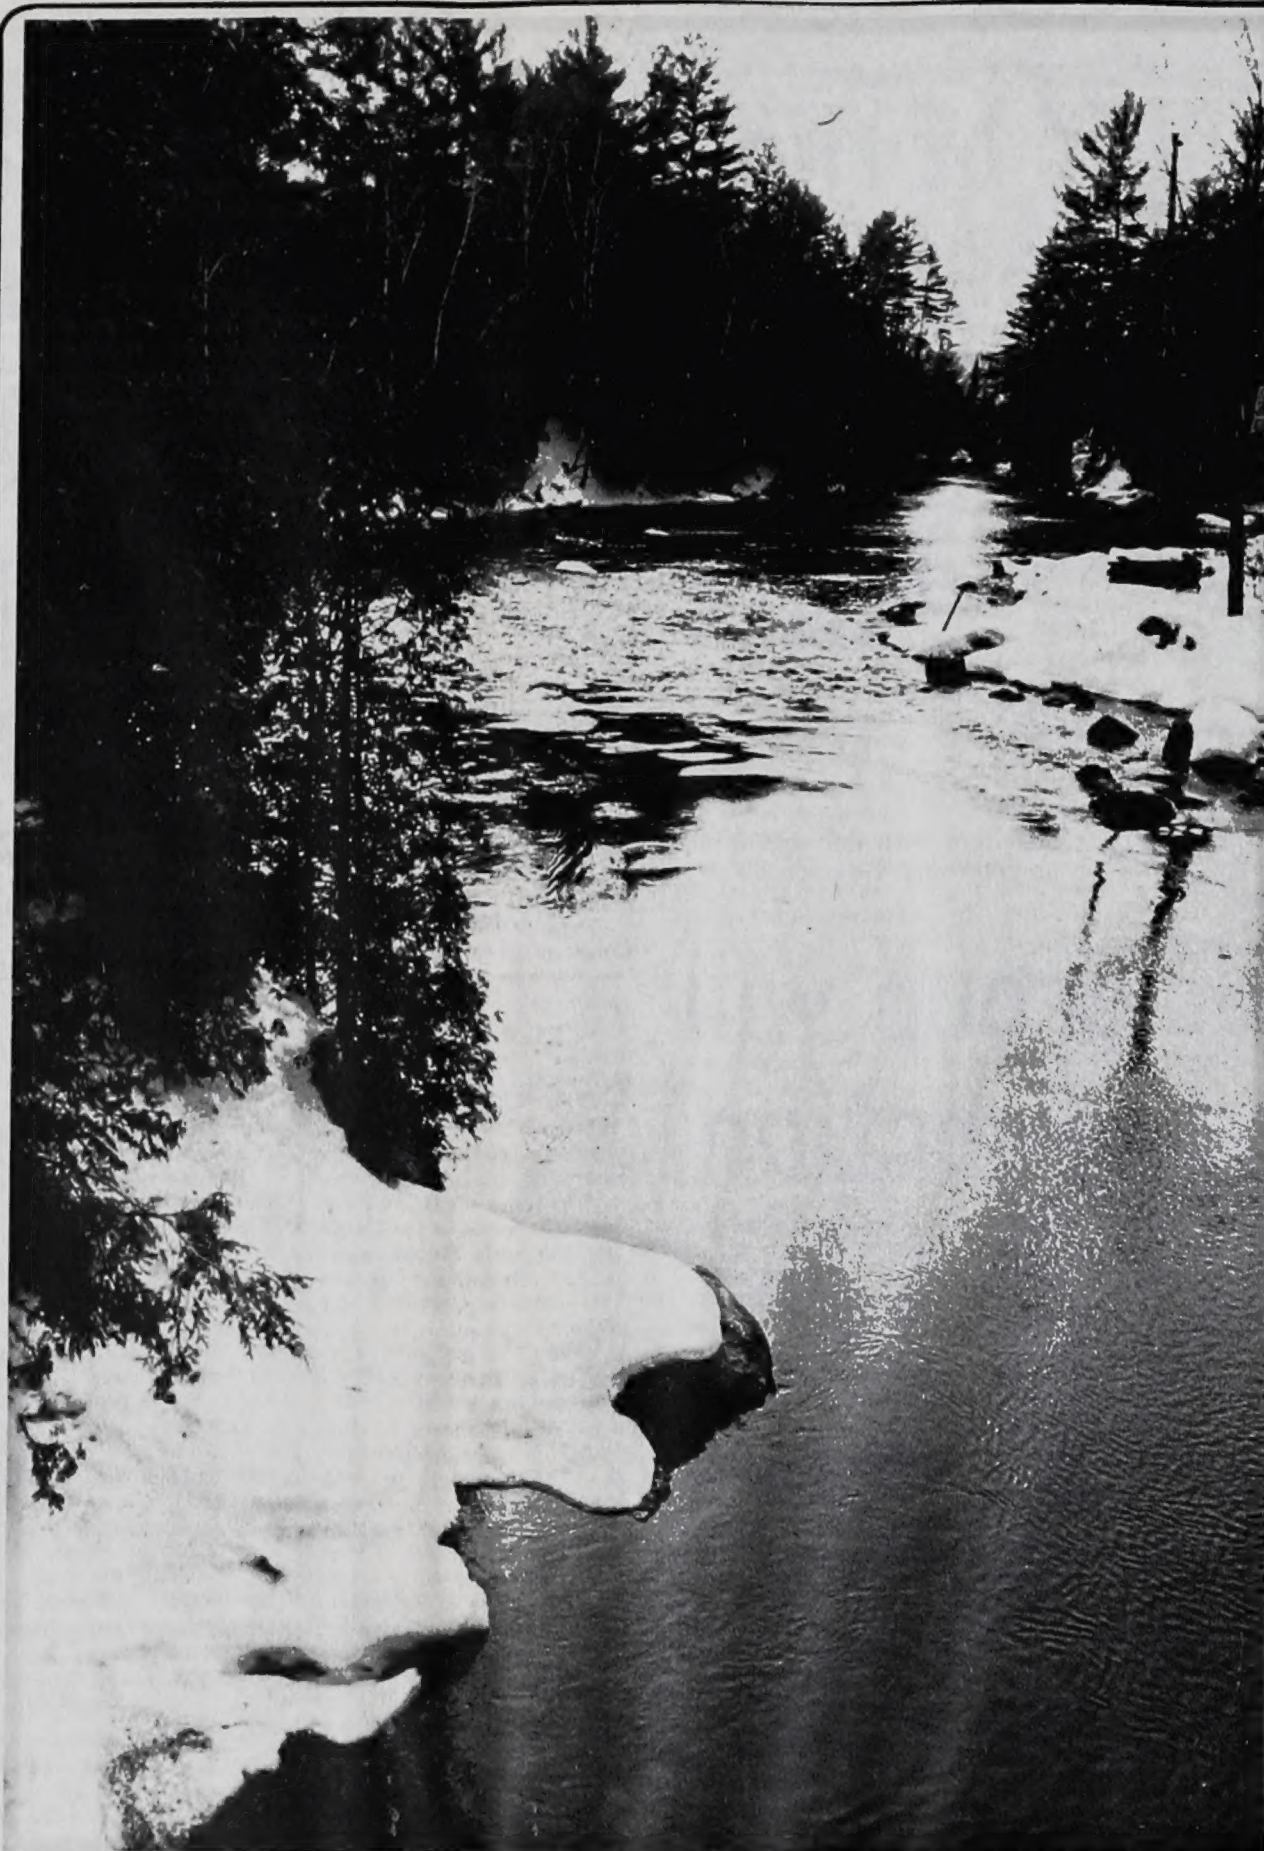

And now, with the chief back on a probationary appointment, the township's clerk has given council an ultimatum, stating publicly that he will resign if the chief is reinstated.

Determining who is right and who is wrong in the present situation is impossible. So much depends on accusation and counter accusation, opinion, emotion and suspicion.

Council must move decisively and constructively in the next few months if the rift in Stanhope is to be narrowed. And the township's ratepayers will have to be willing to look to the future, leaving behind dissension of the past.

The township has the equipment, the men and the facilities to create a first class department.

Building the department, and ensuring that it functions harmoniously, is a challenge that both council and the ratepayers must meet in the immediate future.

Feir Play

— by —
Creighton Feir

Two weeks ago I had the opportunity to attend the Ontario Weekly Newspapers Association annual convention at the Hotel Toronto. The three day convention was a first for me and I enjoyed every minute of it. It afforded me the opportunity to catch up on just what's new in the advertising world, learn more about the association and to meet many old friends in the newspaper game and to make some new acquaintances. I was both proud and thrilled on Friday evening at the Awards Dinner when our newspaper received honourable mention on three occasions. Len Pizze, our Managing Editor was presented with a plaque in recognition of having written the best agricultural story. Our Assistant Publisher, Dave Robb was congratulated for having submitted the winning photo in the Ministry of Natural Resources monthly photo contest. It was a picture of Birch Narrows frozen over in the month of November. Joe Banks, Echo staff writer was the contest winner for the month of September with a picture taken at Kennis Lake. These two gentlemen were congratulated for the quality and excellence on the photos they submitted. I felt a little left out as I was a forgotten man with the judges, not having won any awards not even the door prize. Oh well, there's always another year. I'm really only kidding and I want to add my own congratulations to Len, Dave and Joe. I feel quite confident had there been a category for the strangest and most short-lived column in a weekly newspaper in Ontario, "Toquepic Talk" for which I have been known for in the past, I would no doubt have been a strong contender. Ever since I have been a kid I have had this fear of height, but lately I have been working on it and getting a little braver all the time. I started off by going up the inside elevator at the Eaton Centre and later found out that it didn't bother me to take the outside glass enclosed elevator at the Hotel Toronto that takes you up to the thirty-first floor and back down. My biggest test came on the Saturday morning of the convention when we were to board a bus outside the hotel that would take us to the CN tower at 7:00 a.m. The night previous to this some of my friends knew that I would chicken out when the time came to visit the CN tower. One guy even phoned me on Saturday morning to make sure I was up and awake for my big test. The big moment arrived and I knew that it was only minutes until countdown. I boarded the bus and said to myself this is it, there's no turning back and with this we were on our way to the tower. I thought that I might panic when it was time to get into the elevator that would take us to the revolving restaurant on the top of the CN tower. I turned my back and didn't look out until we reached the top and stepped out to have breakfast at the restaurant away above the city of Toronto. I really enjoyed the view and can hardly wait to go up again.

Letters to the Editor

To the Editor:

Stanhope Township is known for its progressive spirit and community effort. During the past few years many advancements have been made in the township - a new library, fire hall, community centre, ball field, ice rink and proposed tennis courts for spring - to name only a few projects. All this with low taxes and a township budget still in the black. How fortunate we are!

It is sad to see this community torn apart as it has been recently by some individuals and the press looking for sensationalism. These few would have us believe that nothing has been done to solve a problem which existed months ago. In fact, our elected representatives have taken steps to correct this problem and are continuing to monitor the situation to ensure the public interest is being served.

Certainly, in a democratic society it is our duty to voice our objections and offer constructive criticism. It is important to realize that not everyone will agree on an issue, or draw the same conclusions from the facts. However, when an honest attempt has been made to understand the situation, is it not our responsibility to support a majority decision? There are many people giving freely of their knowledge, their time, and their labour to advance our community. They deserve our support and appreciation. There are many others who would like to be involved, and in a growing community there are a varied number of ways to be of service. Above all, let no one be discouraged by past events; we can all learn from the experience. We need your dedication, energy, and expertise acting as a positive force for the betterment of our community.

Stanhope has always been a great community in which to live. Let's all pull together to keep it that way.

Sincerely,
Eleanor Patton,
RR #2, Minden

We the undersigned firemen are willing to risk our lives to provide you with fire protection. We volunteer our time to attend fire training and are ready at all hours to provide this service to you. We ask for your support for our chief and our Fire Department.

Kenneth G. Alger, Ray Johnson, Elvin Johnson, Harry Martin, Carl Holmstrom, Russell Howe, Wayne Toye, Earl Bird, Ken Martin, Bruce Pettit, Bill O'Reilly, Jack Harrison, Ralph Johnson, Gord Martin, Carl Harrison, Robert L. Patton.

To the Editor:

IYC 1979 - postal code? Licence number? Neither. It is the International Year of the Child 1979; a year when the attention of the world is supposed to be focused on the plight of the child in today's world. I wonder if we here in Haliburton County have stopped to take a look at the plight of our children.

Oh, we live in Canada, a country of peace, a country which seems to have plenty of food, clothing, and shelter. We live in a county of fresh air, rugged woods, clear lakes, and nice people. Recent press coverage re: pollution, acid rain, and fire protection indicate that these people would like to keep our county a healthy and safe place to live.

But, there is more to growth than simply satisfying the physical needs. A child has to grow emotionally and socially as well. I think that all agencies, organizations, groups, and individuals dealing with children need to stop and evaluate. Those dealing with our young people in sport or recreational areas have a special responsibility. It is in these areas that the young are relaxed and are most susceptible. It is also from these areas that young people draw their heroes and models that they try to emulate.

Our fine young people deserve the best shot at life we can give them. The adults owe it to them to be sure that the skills we are helping them learn are the ones they need to build a safe and satisfying world.

I admire anyone who puts themselves out for others. It is only through involvement of its people can our county prosper and thrive. Agreement isn't always necessary. It is amazing the creative solutions that can come out of a co-operative discussion of differences. The key lies in the terms "co-operative" and "discussion". Angry arguments never lead to positive action. "To you from failing hands we throw; The torch; be yours to hold it high". John McCrae, In Flanders Fields, wrote these words from the soldiers in the fields to those who would carry on. How well are we doing? Are we giving our children the skills to build a peaceful, kind, and co-operative community? I believe that there is reason to doubt that we are! I challenge Haliburton County to accept as its IYC 1979 project an evaluation of what kind of emotional and social skills our young people are really developing?

Ted Reid,
RR #1, Minden

Don Estes from Somerset, Kentucky, U.S.A. will be the guest speaker when the Full Gospel Businessmen's Fellowship in Canada (Haliburton-Hyland Chapter) hold their monthly dinner meeting and fellowship at the Royal Canadian Legion Hall in Haliburton this coming Friday evening, March 16 at 7:00 p.m. Don Estes is a very active young business executive and is first president of FGMBF in Somerset, Kentucky, U.S.A. He has been active in the Kentucky Vocational Education and Mental Health Retardation work as a committee board member. He is also a private airplane pilot and a professional photographer and is active in the Gideons. Be sure to hear this very exciting testimony as it will thrill you.

The Rotary Club of Minden held a very successful ladies night at the Minden Recreation Centre recently. All those present report a very enjoyable evening and they said the food was delicious.

When I was in Toronto recently it was one of those rare occasions when I was fortunate enough to get a ticket to Maple Leaf Gardens to see the Leafs do battle with the Philadelphia Flyers. This was just an ordinary night at the Gardens, it was the night that Roger Wilson was re-hired as the Toronto coach. The seat in the Gardens where I watched the game from was in the greys and if you have ever been in the Gardens, you will realize how far I was up. My seat was not only in the greys, it was in the very back row with my back to the wall. There was one thing about it, you couldn't get any higher. What an emotional night it turned out to be. There was no one behind the Toronto bench during the warm up or during the playing of the National Anthem and everyone in the building was wondering who was going to coach the team. Some speculated that it might even be Harold Ballard. I certainly didn't know what was going on but following the National Anthem, a slight cheer went up that later on turned into a roar and everyone in the Gardens rose to their feet for a standing ovation. I was so far back I didn't know what all the excitement was but I thought that I might as well join the majority and stand up and cheer. About this time I turned to a man sitting next to me and asked him what was going on and he told me that Roger Wilson had just stepped out from the corridor and was going to be behind the Leaf bench. The standing ovation lasted well over two minutes and the referee was unable to drop the puck to get the game underway. Finally they did drop the puck and the players got down to the business at hand. Talk about show business, this was it in flaming colour. Yes, Saturday night is still hockey night in Canada and don't let anyone tell you any different. They were talking about the Leafs everywhere I went in the City and hundreds were disappointed that they couldn't get in to see the game.

The Glen Dart Memorial Hockey Tournament was played at the Dysart Community Centre in Haliburton last weekend. Every year when this tournament is played it brings back many memories and I can remember the first time they held it. My father at that time was very active on the committee and I can remember jumping in to help him out whenever I could.

"Serving the Highlands for over 90 years"

The Haliburton County Echo is an independent newspaper serving Haliburton and Victoria Counties for over 90 years. Established in 1882 as The Minden Echo and Haliburton Recorder and amalgamated with The Minden Recorder in 1977. The Haliburton County Echo is published by Algonquin Graphics Limited in Haliburton, Ontario, Box 380, R1M 1S0. Phone 457-1037.

Advertising is accepted on the condition that, in the event of a typographical error, the portion of the advertising space occupied by the erroneous item, together with a reasonable allowance for signature, will not be charged for, but the balance of the advertisement will be paid at the applicable rate.

In the event of a typographical error advertising goods or services at the wrong price, goods or services may not be sold. Advertising is merely an offer to sell and may be withdrawn at any time. The Publisher reserves the right to restrict all ads as to their classifications and to edit or reject any copy.

Search for Development Workshops

The Haliburton Economic Development Commission which is now made up of the Chamber, County Council and three members of the public sector is launching a workshop program designed to create a "Plan of Action" for the commission. Various interest groups, associations, organizations and individuals are being urged to put a brief or presentation together to indicate to the commission what direction and approach they feel they should be taking to encourage economic growth in the county.

The commission has arranged for three open public meetings to be held throughout the county for the purpose of hearing and receiving these presentations. The first will be held at the PineStone Inn on Wednesday, April 11 at 7:00 p.m. The following Wednesday, April 18 a similar meeting will be held at the Frost Centre near Dorset. The third meeting will be held at the Lloyd Watson Memorial Hall in Wilberforce on Friday, April 27. This final meeting was scheduled deliberately for a Friday to allow for input from anyone who could not be present during the week, such as cottager's associations.

Haliburton County, it is felt by many of us, is at a very crucial turning point in its development. Because of our geographic location we have not developed as much as many surrounding areas. Some very real efforts are now required to see that it does develop, and in the way that we, on the whole, want it to develop. The commission asks all members of our community to participate in some way in these workshops so that what they will be endeavouring to accomplish is what you the public support. Obviously if you do not take this opportunity to make your views heard you could hardly voice a legitimate complaint later if the development that is sought is not in agreement with your feelings.

To participate, your advance notice and a copy of your presentation at the Chamber office would be appreciated. At the latest a copy of your presentation or brief must be submitted when registering on the evening of the meeting so that the chairman will have it for reference. The content should pertain specifically to the concerns of this commission and their mandate; the future economic development of this county.

When the three meetings have been completed, a working document that in the commission's view, covers all the concerns expressed, will be circulated to all those who participated along with an invitation to attend a wind-up workshop to discuss all aspects of the working document and establish priorities. From this the Economic Development Commission will be able to establish a "Plan of Action" that will be in tune with the concerns of the community. Representatives from various levels of government will also be involved and their role can be identified and their position stated.

The exercise can have a tremendous impact if there is full participation - but if not it will be an exercise in frustration. It's now up to you.

See You at the Show

This week we head for Toronto with our display representing the Highlands at the Sportsman Show. As always we do hope those of you attending the show will drop in and say hello at booth X-31 - we do get homesick you know. It will be your first opportunity to see the magnificent "Haliburton is for Lovers" quilt made for us by the ladies of Eagle Lake.

Because of the time commitment to this show we are not able to produce this column during that time and we therefore regretfully announce there will be no column "From the Chamber" for the next two weeks.

Use Our Canada Manpower Centre

With spring around the corner it is time to think of your summer help requirements and we would like to remind you that the Canada Manpower Outreach Office in Haliburton has been busy recording information from those that are seeking summer employment. Make use of their service and you will save yourself time and money.

If you have been accustomed to dealing with this office you will find that our counsellor co-ordinator Jayne Northgrave may no longer answer to that name. She tied the knot on Saturday and became Mrs. Bob Hepplestone. Congratulations Jayne and Bob and best wishes from all of us at the Chamber.

Pic of the Past

Our Pic of the Past this week shows a group of local people in front of a house in Harburn in 1928. Back row from the left, Dave Brown, Rufus Anderson, Frank Salvatori, Bill Walsh. Centre row from the left, Bruno Tiberi, Enrico Cesarni. Front row from the left, Mrs. Margaret Curry, Bert Curry, Sailor the dog, Greta Curry, Lizzy Curry, Gladys Graham, Joe Alcorn, Bob Barker. Our thanks to Buck Baker of Haliburton for submitting this photo.

Bill Smiley

I've been helping a student, the lively and lovely Julie Noack, to prepare her speech for the Lion's Club public speaking contest. She wrote it; I just listen and make critical comments.

We've had a few laughs. Her speech is in praise of travel in Canada, instead of taking our lame dollars off and spending them on the often spurious attractions of other countries.

It's a sort of travelogue of Canada, and sounds pretty good. But at one point she broke me up. We have just crossed the Ottawa River from Quebec and are cruising around the capital, "Where dwell," according to the speech, "our Prime Minister, ambassadors from all over the world, and..." She slurred the "ambassadors" a bit, and it came out, "Our Prime Minister, bastards from all over the world..." I couldn't agree more.

Another one that shook me up was when she said that, "Canada is more than 'a few acres of snow', as the French writer, Voltaire dismissed it." Voltaire came out as Volare. The powers of television!

However, one point in her speech got me thinking along a different track. She pointed out that, despite the vast variety of vistas this country offers the tourist, it is expensive to travel in this Canada of ours. True.

Hotels and motels are ridiculously costly. Many of the big new hotels in the cities want an arm and a leg for a few hours. Motels want from \$20 to \$36 for a plastic room, no room service, often not even a place to get a cup of coffee, and get out by one p.m., no matter what time you checked in.

Restaurants in this country are equally exorbitant, with a very few exceptions. I don't mind going out and spending a day's pay at a good restaurant, with suave service, food carefully chosen

and cooked with care, and nobody hustling you out the minute you've sipped your last drop of fifty-cent coffee.

But it burns my butt to be served a leathery omelet with the inevitable piece of limp lettuce, the inexorable one slice of green house tomato, and the ubiquitous helping of french fries, none of which you want, and charged enough to feed a fair-sized family a good meal, at home.

Then there's the mark-up on drinks, anywhere from one to two hundred per cent. Don't believe me? Check it out. A bottle of beer at home costs about 35 cents. In a restaurant it'll cost you about one dollar. A drink at home will cost you approximately 45 cents for an ounce and a half, with free tap water thrown in. In a bar or restaurant the same drink will cost you from \$1.25 to \$1.60, depending on the decor, for an ounce and a quarter. And if you prefer wine, they just triple the price.

No wonder so many restaurants and bars go broke. The business is so profitable that too many people want into it, and the law of supply and demand looks after the rest.

Travel in this country is equally unappealing. Internal airfares are ridiculously high. It costs almost as much to fly from Toronto to Vancouver as from Toronto to London, England, a thousand miles or more. Trains are a dying species. They have lost their old grace of service, good food and excitement, cut off all their branch lines, and become a rather wistful anachronism for people who like rough road-beds, frequent break-downs and abandoned stations.

Buses are better. Some have even crept into the twentieth century, with air-conditioning, heat in the winter, and fairly punctual time-tabling. But all this is ruined by the bus depots,

which are pure 1970s Sleaze, dirty, impersonal, and with the inevitable drunk sounding off. Or throwing up.

Another aspect of travelling in Canada that puts people off is the service, or lack of it. There's very little service with a smile. Too often it ranges from grudging to surly, from indifferent to sullen. Waitresses slop coffee into your saucer or wipe off your plastic table with a dirty damp rag. Waiters stand with their backs to you when you are in a rush to catch a plane. Hotel doormen are all smiles when you are checking in, and non-existent when you are struggling out with three heavy bags.

Hotel clerks are almost invariably insolent, exuding the atmosphere that they are doing you a favour by letting you sign in. Car jockeys come squealing up to the front door of the hotel, jump out, hand you your keys with one hand while holding the other out, and disappear to let you, with your bad back, load the bags into the trunk.

You can spend ten minutes looking for a clerk in a supermarket. You could spend the rest of your life looking for a porter at an airport. You can turn purple in the face waiting for service in a department store, while two clerks chat about their night out at the singles club, and a third bumbles away on the phone to her boyfriend.

Occasionally you get a genuine smile or a real thank you, but more often they are perfunctory or non-existent. Why? Is it that native-born Canadians feel themselves above the service trades, so that they take out their resentment on their customers?

Julie is right. The country is magnificent. But high prices, bad food and bad manners make it less than a paradise for travellers.

Report from Queens Park

by MPP John Eakins

As you know, the 3rd Session of the 31st Ontario Legislature opened this week, and I would like to report a few of the highlights of the Throne Speech.

Among the highlights was a promise of an employment development fund to co-ordinate aid to industry and "spur economic activity and employment". The Provincial Treasurer is to be chairman of a special board of Ministers to decide which companies qualify for assistance, and how much money is to be involved in each case. New measures are to be taken to encourage the flow of risk capital into new and expanding small businesses, and the speech indicated that programs to encourage investment in entrepreneurial business ventures have failed in recent years. One rumoured possibility is a form of tax rebate for money invested.

The Minister of Labour will henceforth be known as the Minister of Labour and Manpower, and will be responsible for job creation programs. There is to be greater emphasis on more training in skilled trades and on the development of "a more positive attitude among young people" toward these trades.

Priority is promised for special programs for women in the public and private sectors. An Equal Opportunity Advisory Committee, composed of senior labour and management representatives, is to be established within the Labour Ministry.

Food prices are, of course, a matter of concern to the average citizen, and the Ministry of Consumer and Commercial Relations is to assist consumers make informed choices by establishing a program to monitor and report on prices across the province.

Some of the money made on the sale of Ontario's shares in the Syncrude oil-sands project in Alberta is to go to energy-related businesses, including those using energy produced from waste, and the government hopes soon to launch a joint program with the federal government which would make

available some \$58 million over a five year period to demonstrate new technology in energy conservation and renewable energy.

Legislation is to be introduced to allow unorganized Northern municipalities to give locally elected bodies the power to raise revenue and provide basic services.

General insurance agents and brokers will be permitted to become self-regulating, as a step toward removing what many people consider government over-regulation.

The government has maintained that spending on social services will not be reduced in favour of grants to industry, and "after careful review" it has withdrawn a suggestion mentioned by the Premier in a recent speech, that some drugs might no longer be available under the drug benefit program for the elderly. The Throne Speech stated that "some may wish to argue as to whether the primary emphasis of this session should be directed to improving the economic climate of Ontario or to improving the social services available to our people. In truth, extensive attention must be paid to both".

Home care services for the chronically ill will be extended and hospitals will get additional beds. Starting April 1, there is to be a \$9.80 per diem fee for those using chronic-care beds for a period longer than 60 days. Steps will be taken to make permanent special transit services for the physically disabled - a pilot project in five communities, and there will be a gradual expansion of these projects to other communities. The program will continue to depend on volunteer involvement. At the same time provision will be made for grants to municipalities through amendments to the Public Transportation and Highway Improvement Act. Home care services for chronically ill patients who wish to live at home, but who require some nursing and other medical assistance, will be extended.

Report from Parliament

by William C. Scott MP

Joe Clark focused attention on still another Liberal government failing when he promised in Montreal last week that a Conservation government would establish a national energy policy for Canada.

The Conservative leader's announcement brought to mind my own position on this matter, one that dates back several years.

For instance, in this column for the week of April 7, 1974, I said "Over the past year I have been urging the federal government, in my speeches and in this column, to develop a national energy policy, and to undertake a study of our own energy requirements."

"I called upon the government to make an assessment of our present and future energy needs, and to measure these needs against our present production and our known reserves of fossil fuels."

Since I made those remarks five years ago the situation has worsened. The need for a national energy policy today is not only serious, it is a vital necessity.

I pointed out in this column in the week of November 30, 1973, that an oil and gas pipeline should be extended from Ontario to Montreal, and beyond, but that the Quebec government had refused to allow the extension of the pipelines.

The Quebec government wanted the federal government to build a superport on the St. Lawrence River, so that the Montreal refineries could import, direct, the cheap oil from Venezuela and the Middle East.

As we know now, there is no more cheap oil, and there will never again be any such thing as cheap oil. Oil is getting more expensive with every year that passes, and the flow of oil to the Western nations has been sharply curtailed since the change of governments in Iran.

I have tried to point out over the years that failure to construct pipelines to bring Alberta oil and gas to the East, especially into the Maritimes,

would leave the Eastern provinces of Canada without vitally needed energy in the event of another Arab oil boycott or cutback. That is happening today.

In 1973 and 1974 the federal government allowed partisan political considerations to prevent the extension of oil and gas pipelines to the Montreal area. It is now going to cost us dearly, in time and added expense, to do something that should have been done many years ago.

The failure of the federal government to implement a national energy policy has also hampered efforts to make a valid assessment of

OMHA Pee Wees tie game, lose on points

Lee Potter and Nancy Shipley won the Mein Family Trophy at the Kawartha Highlands Interclub figure skating in Lakefield, February 25. The two, who are members of the Haliburton Figure Skating Club, finished first in the Novice Ladies similar dance event.

Haliburton's OMHA Pee Wees went down to defeat in their series against Powassan Sunday, but not without a strong showing in the crowd pleasing and well played five games.

The Pee Wees faced off against Powassan for the first game February 26, after three game sweeps of the series against Cannington in the first round and Coldwater in the second.

In the first meeting, in Powassan, Haliburton came out on the losing end of a 6-4 score. Goal scorers for Haliburton were Kelly Mitchell with two and Charles Teljeur, Dave Giles and Bernie Upton with one each.

Haliburton was at home March 3 for the second game of the series and gained a single point in the series on the strength of a 3-3 tie.

Scoring for Haliburton were Kelly Mitchell unassisted, Harold Rowbotham from Andrew Bishop, and Mike

MacNaull from Kelly Mitchell.

Game three was also played in Haliburton, last Tuesday, and once more Haliburton couldn't come up with enough goals to take the win from a strong Powassan team.

The visitors came up with five goals, while Haliburton could muster only two, Mike MacNaull from Dave Giles and Barry Boice in the first period, and Kelly Mitchell from Bernie Upton in the third. Final Score was Powassan 5, Haliburton 2.

For game four, Haliburton travelled to Powassan, Saturday and this time exploded for seven goals to the home team's one to stay alive in the series.

Scoring for Haliburton were Kelly Mitchell with four, Harold Rowbotham, Mike MacNaull and Bernie Upton with one each.

The win gave Haliburton

three points to Powassan's five, meaning that in the fifth game, Haliburton had to come up with a win to stay alive in the six point series.

In the opening period the teams came out skating, and the wide open action saw the teams going end to end in a see saw battle for a score. Both goaltenders made some key saves, but Haliburton's Steven Dodd was outstanding throughout the contest, robbing Powassan on a number of excellent chances.

Referees ignored a great many obvious infractions, seemingly in a decision to keep the game as wide open as possible, but neither team was able to find the mark in the first period.

At 3:47 of the second frame, however, Haliburton's Vince Duchene with an assist from Bernie Upton, slid the puck by a charging defenseman, two sprawling defenders and the Powassan

goalie for the score.

At the 5:57 mark, Powassan got the jump on Haliburton with a two man break, but Steve Dodd came up with another critical save to keep the visitors off the scoreboard.

At 9:22 of the period, playing shorthanded, Powassan came up with their first score of the contest, and gaining the momentum, followed it up 14 seconds later to move ahead 2-1.

Haliburton seemed disorganized for the next minutes of the game, but came back to tie things up at 11:15 on Bernie Upton's unassisted goal.

At 12:44 a rebounding shot on the Haliburton net came back to a Powassan player who put in the score to move his team ahead.

Bernie Upton got his second of the night at 13:06 unassisted, and just nine seconds later, Charles Teljeur connected from Mike MacNaull and Kelly Mitchell to give the lead back to Haliburton.

In the third period, Powassan managed to tie Haliburton up for the first minutes, and evened the score with a goal at 1:09.

A tripping penalty to Vince Duchene put the pressure on Haliburton, but some excellent penalty killing and effective passing kept the puck away from Powassan to mini-

mize the threat.

Seconds after the penalty expired, Kelly Mitchell took a pass from Barry Boice at the blue line, and deked around the defense to beat the Powassan goaltender cleanly for the go-ahead goal. Time of the score was 9:36.

With just a minute left to play in the period, Halibur-

ton's attempt to rag the puck and hold onto the lead failed, and the tying goal from Powassan sent the teams into a single, ten minute overtime period with the 5-5 tie.

Haliburton was able to carry the play for most of the extra period, but couldn't come up with the score, and the game ended 5-5 giving Powassan the crucial sixth

point.

It was a tough way to lose a series for the local Pee Wees who had completely dominated their previous two playoff series.

The loss ended the season for the 13 man team, which was coached by Gary Burch and managed by Emile Duchene.

Huskies lose opener

Haliburton Huskies proved twice this season that they're good enough to beat league leading Lakefield with a little bit of luck and a lot of effort. But luck wasn't with them Sunday night when they travelled to Lakefield to begin their best of seven playoff series for the group 5 Junior D championship.

Haliburton was behind throughout most of the game, tying the score only once, at 2-2 in the middle of the second period. For the rest of the time the Huskies played catchup hockey, scoring early in both the second and third periods, but were unable to put together many strong attacks.

Lakefield opened the scoring with an even handed goal at 11:15 of the period. At 16:22, while the Huskies' Tim Bain was sitting out a roughing call, Lakefield connected

again to put the Huskies two goals behind going into the second period.

Ed Roberts found the mark early in the second period, scoring at 3:49 assisted by Joe Roberts and Randy Barras. The Huskies took advantage of a Lakefield penalty at 12:14, evening the score at two each on Tim Oram's goal, assisted by Barry Shaw.

Lakefield lost little time in

coming back however, and regained the lead a little more than a minute later, at 13:20, while both sides were at full strength.

Just 11 seconds later Lakefield connected again to move out in front by two goals, a margin that remained throughout the rest of the period.

In the third, it was the

Local skaters take part in inter-club competition

The 8th Annual Kawartha Highlands Inter-Club Competition was hosted by the Lakefield Figure Skating Club on Sunday, February 25, 1979 with a total of 96 entries.

Skaters were chosen from each club to participate in a number of different events, which includes figures, free skate solos and dance. Haliburton had a total of ten skaters who won the honour of competing with skaters from Fenelon Falls, Warsaw, Lakefield, Lindsay, Minden and Bobcaygeon. Many hours of practice are spent getting ready for the stiff competition put on by the other clubs. Congratulations go to all the local girls for a job well done.

The "Mein Family Trophy" was won by Lee Potter and Nancy Shipley who finished first in the Novice Ladies Similar Dance.

Other skaters who participated from Haliburton were:

Oldtimers game slated Saturday in Monmouth

This Saturday the Monmouth arena will be the centre of attention in the township as the Wilberforce Oldtimers take on the CKVR No Stars in an exhibition hockey game sponsored by the Monmouth Recreation Committee.

Action gets underway at 7 p.m. A dance in honour of St. Patrick's Day will follow at the Lloyd Watson Memorial Centre, with music supplied by "Sunset".

Jody Roberts, Shontel Morrison, Jodie McKnight for Preliminary Ladies; Suzanne Fajar, Alison Sisson, Melissa Creelman for Preliminary Ladies; Shona Ross for Juvenile Ladies; Jennifer Baker for Novice Ladies. Marks were very close and some skaters only missed placing by a fraction of a point but a good skating sport is also a good loser. The fun is in having the opportunity to compete and meet other skaters, not necessarily taking home a medal or trophy.

Special thanks go to club pro, Kelly Beeny for all her help in coaching and preparing the skaters and also to the parents who gave their full support making this day possible.

The next inter-club competition will be held in Haliburton in the 1979-80 season.

PROVISIONAL COUNTY OF HALIBURTON ROADS DEPARTMENT ATTENTION TRUCKERS

All truckers who are interested in working for the Roads Department in 1979 are required to complete forms that are available from the County office. All forms to be returned by March 30, 1979.

District News

Kinmount Klippings

by Fran Crawford

Hi folks! Our weatherman has been a bit mixed up but we have to take the good with the bad.

Monday evening March 5 was the Public Speaking Contest at the Legion Hall sponsored by the Royal Canadian Legion, Branch 441. Our winners were as follows: Senior class - \$15.00: First to Carrie Dettman, \$10.00 - second to Martin Byrne and

\$5.00 - third to Tracey Dettman. Junior Class - \$15.00 - first to Jennifer Dettman; \$10.00 - second to Teresa Merton and \$5.00 third - to Michael Zanstra. Consolation prizes of \$1.00 each went to Caroly Swinson, Julie Brown, Carolyn Fountain, Barbie Fountain, Danny McCluney, Joanne Swinson, Chris McGuire, Joanne Spencer and Christine Brelsford. Winners are to go to Fenelon

Falls on Sunday, March 11 for the Legion Zone Contest.

There were 22 contestants entered at Fenelon on Sunday and Jennifer Dettman of our Junior class came out in 3rd place. Congratulations Jennifer, well done.

Mrs. Elizabeth Miles and Alice were in Toronto for a few days last week.

Mrs. Aileen Brown is home from hospital to recuperate. Her sister, Lauraine Barker has been staying with her for a while.

Mr. Randy Grozelle has been home for a couple of weeks. He hurt his back while at work.

Miss Connie Crego has moved to Toronto.

Mrs. Grace Simmons of Irondale has been on the sick

list but feeling much better now.

John Graham had the chicken pox and was off the bus last week too.

Mr. Reg Crego is home from Toronto on a week's holiday.

Mr. Herb Hancock of the senior citizen's apartments in Fenelon Falls was visiting with friends and relatives at Irondale last week.

Mrs. Pearl Lyle of Fenelon Falls spent the weekend with Mrs. Nora Crego.

Mrs. Violet Cook spent a few days in the area last week.

The Ladies Auxiliary of Branch 441 served turkey dinner to the bride and groom, Brenda and Ken Laver and 50 guests, Saturday, March 10 at 6 p.m. A dance followed. Many friends came to wish them well and a social evening was enjoyed by

all. Congratulations and best wishes.

Miss Jessica Powell of Irondale is in hospital in Peterborough after an appendix operation.

Miss Kim Forrest of Irondale is at Archie Stouffer public school in Minden this week for her work week from Haliburton Highlands Secondary School.

There is a St. Patrick's dance at the Legion Saturday night. \$3.00 single and \$6.00 a couple. Live music by "Country Rollers" band from Fenelon Falls.

Miss Susan Crawford spent the weekend in Brampton visiting her sister Brenda, Dave and Conrad.

Winner of \$20.25 in the Legion 50-50 draw Saturday was Maurice Angers of Cobocok. Frank Traceneille won the \$20.00 hockey pool.

I did not hear of any big winners at Bingo Friday so I

guess the jackpot is still growing and will be \$140.00 with 54 numbers called this week.

Art and Bernice Owens and Mrs. Marg Huston visited with the Gardiners over the weekend.

Walter and Norma Hamilton are away in the sunny south for a holiday.

We are glad to see Merv

Jones is up and able to be out. I didn't know Merv had been sick for a couple of weeks.

Royal Canadian Legion Branch 441 have their executive meeting Monday, March 12 and their regular meeting will be Friday, March 16. All members welcome. Ladies Auxiliary regular meeting Wednesday, March 14. Don't forget this Thursday

March 15th is Wintario again. Next week is winter break for the school kids. I wonder when the mothers will get theirs?

There were 15 members of Branch 441 who went to open house at Haliburton Legion on Saturday and enjoyed shuffleboard and darts. They didn't win any prizes but had a heck of a good time.

The community was saddened to hear Monday morning that Mrs. Pat Fell had passed away. Sympathy goes to her family at Burnt River.

Mr. Harold Weese of RR #1, Norland is busy painting the ceiling in the Legion Hall this week.

Bye for now. I'll see you next week.

Chatting with Irene

by Irene Moore

O' what a beautiful morning; O' what a beautiful day; how those lines emphasize the lovely weather we have been having. This seems more like April than March. Sure this month is not over, but who can complain? The snow is leaving, as it should. Next week is spring. One knows that even if we get more cold and snow, we can always say it is nearly over now, the winter is behind us, the birds are coming back and one's thoughts turn to planting. What more can we ask for?

I was talking to Ron Gambell last week and he said he enjoyed his month's holiday in South America very much.

Blake Hughes and daughters of Mississauga spent the weekend with Mr. and Mrs. Bob Hughes.

The Single Parent's meeting will be held this Thursday evening March 15 at the home of Peter Lymburner, starting at 7:30 p.m. For more information call 457-1537.

Mr. and Mrs. Clare Brown are enjoying a Caribbean cruise this month.

An organ lamp was dedicated at the United Church last Sunday in memory of Mrs. Audrey Walker. This lamp was presented to the Church by the Martha Group of the U.C.W. Mrs. Walker was an active member of this group for many years as well as being active in other committees of the U.C.W.

Mr. and Mrs. Bob McIntosh had their sisters, Ruth Morning and Bev Kimberley of Toronto, visiting with them last week.

We are all sorry to know that Mrs. Ada Campbell has left the doctors clinic to join her husband in Perth. Don't get me wrong, for I really mean we will miss her cheery hello, but Mrs. Reid is ably taking her place in the office. We just hate to lose good people from the town.

I read "Chit-Chat" in another paper sometimes and last week had a good laugh over this item. "Have you noticed how many more twins are being born than ever before? I think the kids are getting afraid to come into

this world alone." Recent guests with the Phil Robinsons were: Mrs. Paul Cockburn, Mrs. Dorothy McQuaig, both of Woodville. Mr. Bill Hart of Woodstock, Vic Tully and Mrs. Eileen Clayton of Lindsay.

Mrs. Jim Beattie has been visiting with her family in Toronto, but will be home shortly.

Don't forget that the St. Patrick's card party will be held at Hyland Crest Home this Friday, March 16. This is a euchre party, so if you like euchre be sure and attend. Fred Hewitt of Scarborough and Dave Pink of Orillia visited with Mrs. Joyce Hewitt on the weekend.

Mr. and Mrs. S. Ewing are spending several weeks with their daughter at Niagara-on-the-Lake.

I told you last week that our Midget "A" team would have to win three games straight to beat Tamworth. I can't believe it but they did, so now move on to another series. Good luck fellows. The Pee Wee team were not so lucky. They lost their series.

Miss Sandra Sears, Mrs. Muriel Ewing and sons, all of Toronto, also Mr. and Mrs. Paul Warburton spent the weekend with the Milt Sears.

Did you know? The best music is the laughter of a little child. The best telegraphy is flashing a ray of sunshine into a gloomy heart. The best war is the fight against one's own weakness.

My there is a lot going on around town. Wednesday evening, March 14 is a public meeting about a Junior hockey team (Municipal building). Saturday, March 17, Kinette Club are having a St. Patrick's Dance at the Community Centre, dance to D.J. music and enjoy the buffet

lunch after. Wednesday, March 21, Women's Institute at St. Paul's Parish Hall at 2 p.m., with guest speaker. Wednesday, March 21, at 7:30 p.m. the St. Paul's card party at 8 p.m., euchre, cribbage and bridge, with lunch after. Proceeds for foster child. The prizes are all home baking.

Winners at the mini card party last week were: bridge, Dianne Warrens; euchre - lone hand, Harry MacMinn; Alice Sedgwick, Mary McKelvey; cribbage, Vera Ward, Joyce Hewitt.

I thought everyone knew me, but I got a bit of slack last week because Minden was not after my name, so we will try to change that mistake. Do not want Chatting with Irene changed because that is what I do, so hope all will be happy, if we just put Minden after my name, O.K.

The Minden and District Horticultural Society held their first meeting of 1979 at the Minden Council Chambers, March 6. Due to illness the president was unable to attend, so Mr. George Tipton 1st Vice President chaired the meeting. After the usual opening matters were over, a letter was read regarding the "Basic Course in Flower Arranging", which is being held at Frost Campus, Sir Sandford Fleming College in Lindsay.

This course comprises of six, three hour sessions - May 22 and May 23; May 29 and May 30; June 5 and June 6. There will be two basic courses with the morning course starting at 10 a.m. sharp; the afternoon course will start at 2 p.m. Anyone who wishes more information please contact the president or secretary of the Horticultural Society. Phone 286-2228 or 286-1674.

Committees were set up for telephoning, Social, Membership and Publicity. Mr. Phil Graham then introduced the speaker, Mr. Ralph Young of Hydro Forestry Department. Mr. Young spoke on the pruning of trees and shrubs. There were many questions at different stages of his talk, and many came away with a better knowledge of how and how not, as well as when to prune trees.

Mr. Amos Brubacher thanked the speaker for the hints he had given all present.

While the projector was being set up, the draw on the prayer plant donated by Edna Tipton, was held with Mrs. Brubacher being the winner. Slides were then shown of the society's float in the Rotary Parade; also slides of many beautiful flower gardens.

The next meeting will be Tuesday, April 3 at 7:30 p.m., same place.

A meeting of the library-museum interested citizens was held at the Municipal building in Minden on Monday, March 5. Plans were made regarding an art show and sale at Hyland Crest Home on Saturday, July 28. A committee was appointed to look after this. There were several other money making ideas mentioned which will be followed up at the next meeting on April 2. All interested people are invited to attend these meetings, as this is all part of Minden's growth.

Adios and take care now.

Do you know what turns people off?

You probably think you do. They're mostly the things that turn you off, right? Well, see how right you are. Check the habits below you think will turn people off.

- ☐ 1. Filling up a hot tub instead of taking a shower.
- ☐ 2. Turning on the floodlights to light up the house all night.
- ☐ 3. Turning up the thermostat, then opening a window.
- ☐ 4. Leaving the TV on in one room while you eat dinner in another.
- ☐ 5. Cooking on an element too big for the pot.
- ☐ 6. Brightening up the house at dusk by turning on all the lights.
- ☐ 7. Turning the washing machine on to launder just a couple of things.
- ☐ 8. Filling the kettle up to make a single cup.

If you checked them all, 1 to 8, you're right. Because waste of electricity, like anything everybody really needs, is a bad habit.

That makes all the habits above turn-offs. Which is a good reason for all of us to avoid them.

Wasting electricity turns people off.

This message is brought to you by your Hydro on behalf of people who care.

Senior League

by Barbara Maunder

Monday morning we began our week with fun and fitness and were all happy to have Lily Rawlins back with us again after having a month's holiday. It's good to see her happy face coming in every morning. In the afternoon we were busy in our craft room. Films in the evening were entitled "Calgary Stampede", "Saving Energy", and "Italian Festivals". We really enjoyed them.

Tuesday morning we were delighted to have David Barker and Don Nicholson take the service in our chapel. Rev. Barker gave Communion and Mrs. Leigh played the organ for the service.

Wednesday afternoon the Happy Wanderers from Cobocok came and entertained us in our auditorium. We heard many old favourite songs. Also they put on a little skit for us telling of the

terrible life of a poor old tramp; never any peace for the lousy. We would like to thank them too for the Hen and Rooster wall plaques. They are really pretty.

Thursday afternoon the ladies from the West Guilford A.C.W. came in and served a delicious lunch and tea for us in our main lounge. The ladies renewed some old acquaintances as well. In the evening the Kinsmen came in to call the Bingo numbers for us. We sure look forward to our Thursday night Bings.

Friday afternoon we were pleased to have Mrs. Cobourn in to sing for us. We sure missed her as she has been away for three weeks. She was accompanied by Mrs. Lucille Clark.

The weather has been so nice this past week we are looking forward to some more bus trips.

Cobocok News

by Shiela Lake

Mrs. Marion Weaver joined with her sister at Rosedale on March 1 where her mother, Mrs. Sylvester Sawyer celebrated her 86th birthday at the home of her daughter, Mrs. McQue, where Mrs. Sawyer makes her home.

The Fenelon Falls Bantam hockey team, coached by Howard Hall of Cobocok and Malton, held a raffle to raise funds for a charter bus to take players, fans and family to Wellington on Friday night. The draw, a prize of a hamper of groceries, was won by Mrs. Vern Hannivan. The draw was held Thursday.

Mrs. Earl Sutherland, Mr. Clarence Weaver, Mrs. Gertrude Creighton, and a friend, Mrs. Sid Wessell of Moore's Falls, are all in Ross Memorial Hospital, Lindsay. Mr. Lorne Farrow was moved from Peterborough, St. Joseph's Hospital, to Princess Margaret Hospital in Toronto on Tuesday of last week. If you have a few spare minutes a card, phone call or visit would be appreciated by the sick ones, I'm sure.

My sister, Mrs. Denna White arrived Friday evening from Calgary to spend a week with mother. Our brother, Russell Marles of Holt (RR #1, Mount Albert) passed away very suddenly on Wednesday, March 7 at Ballentrac, while working. It was another sad event in the family, and one of life's trials.

Mr. and Mrs. Fred Watson of Peace Valley were visitors of Mr. and Mrs. Chas. Routley last week.

Mrs. Ben Farrow visited Mrs. Reta McNeil of Haliburton on Tuesday afternoon.

A niece, Roslyn Lake, arrived in Toronto on Tuesday after a flight from Scotland. Roslyn, her brothers and mother went to Scotland some nine years ago. Roslyn's mom is Scottish by birth, while the family were born here. A very grown-up young woman of almost 20, she is renewing acquaintances

es here and will be staying with grandma Lake for some time to come. She plans on staying a year, perhaps longer.

The A.L.M.F. ladies held their monthly meeting at Faith Tabernacle on Wednesday, March 7. The meeting opened with prayer by Mrs. Jessie Cameron, followed by a scripture reading and talk by Mrs. Phyllis LeCraw on "Faith and Feet". In the absence of the secretary, there were no minutes to read nor correspondence to read. Plans for the upcoming Good Friday rally were discussed; also, the possibility of catering to the bowling banquet in May. The meeting closed in prayer.

On Monday night, a bridal shower was held for Ann Harris who becomes the bride of Jamie Richmond on March 10. The shower was held in the basement of Faith Tabernacle Church where the wedding will also take place. Ann was the recipient of many lovely gifts. An earlier bridal shower was held at the home of Heather Benson of Bexley and many friends from the community gathered to bestow on Ann their best wishes and gifts.

Mr. and Mrs. Bill Brohm of Ottawa are weekend visitors of his aunt, Mr. and Mrs. Ross Faulkner and are attending the Richmond-Harris wedding here.

Don't forget St. Patrick's day next week. Even if it's just green table napkins and candles. Doing something different and colourful will brighten your day. And of course, the church ladies hope to see you at their church tea! Happy St. Pat's!

Extendicare News

by Dr. W. O. Anderson

All politicians are basically rabble rousers, a term dictionaries seem to frown on as being too dicey. Adolph Hitler has often been referred to as a rabble rouser but after all, were the German population any different to the Canadian as a group and if so how? It is settle then that the Canadian electorate is a rabble and that Prime Minister Trudeau all along has had his party and us in a sort of daze while he has sold us down the St. Lawrence River to unilingual Quebec "making" us bilingual, something that Canada needed as much as the average citizen needs a toothache. A sample rabble rouser; the Honourable Mrs. Iona Campagnolo did not despite the Ottawa billion dollar think tank, for doing the liberal party's thinking, make a success of "Loto Canada". Ottawa has no statesman, only rabble rousers. If we examine the record we will see that any measures Trudeau made in the past 10 years has been on the cheap, classified, extravagant, or extremely wasteful. How stupid can we rabble get?

There is some gloom in the passing of Mrs. Ethel Plewman. Our plants are thriving, probably the best of which is the heliotrope given to us by George Tipton amounting to ten quite healthy seedlings. For some reason our attempts to root geranium cuttings have not succeeded. The angel wing begonia is growing and blooming remarkably. So is the lone marigold. The petunias have graduated into full size pots and will soon flower. We have a very healthy specimen of the red african violet given to us by Mrs. Betty Wise, the donor of the angel wing. A very healthy specimen of plant that we did not try to label has been identified as a variety of lady's slipper by "Nancy" of Nancy's flowers. So even this early before much seeding is done there is a very nice and interesting exhibit of plants but not yet many flowers.

Many issues ago, the Haliburton Echo and Minden Recorder referred to the discovery of energy in abundance in the earth's crust as catastrophic. A glimmer of that is revealed in this issue of the Echo in the write-up about the acidifying atmosphere of Haliburton County.

We learn with sadness of the death of Arne Andersen, one of our former residents. Craft activity has slowed somewhat lately, only the making of bird feeders, the ladies with the quilt and Mrs. Noreen Stevens hooking rugs. The main thing is to keep us occupied. The bird

feeder is patterned after one that Jim Cooper brought in as a guide, and we really are working at them with seven already nearly completed.

Jake Gill, Norman Titus, Ray Smith, and Louis Ruthven, are making the feeders, with Mrs. Pat Burk supervising and running errands. There is quite some fun and entertainment. We are indebted to Emmerson Lumber Limited and Haliburton Lumber and Enterprises Limited for giving us the materials not usable in the trade but nicely usable to us. Our grateful thanks to you both.

Mrs. Olive Bailey of Haliburton donated a nice number of rooted cuttings to our stock of plants. All of them give promise of their being very welcome additions even though we have not yet identified them.

A new addition of our host of volunteer helpers is Mrs. Mary McKee of Haliburton. She is a very nice lady and very efficient.

Again on Friday morning, Capt. Douglas Burry of the Haliburton Salvation Army substituted for Rev. Don Nicholson of the Haliburton United Church as our spiritual leader. He brought with him a Christian friend, Leslie Roberts and his guitar, to blend with Capt. Burry's accordion to provide our music.

The theme was "where art thou" referring to Adam and Eve running away from the garden of Eden to escape what they thought they deserved "The wrath of God". This young couple, having immeasurably more innocence than the young couples in similar circumstances today, had been tempted by the devil and yielded and now required to face their God. This type of dilemma is very common today and was the topic in a CBC radio discussion group involving clergy of several denominations; good or evil, heaven or hell, God or the devil, Christ or the devil, good or bad, wise or foolish. Strangely the conclusion was that it made life interesting.

We have an idea that many clergy will back away from such a discussion. It is regretted if, we not in good taste, by making worldly comment, seem to try to lessen Capt. Burry's nice message.

In the afternoon were more movies: 1. Chairmaker and the boys; a story about a chairmaker's problem of making two mischievous boys behave. 2. Fisheries of the Great Slave; telling us of a thriving industry in the North West Territories at Great Slave Lake, our fourth largest, showing the bounteous catches of white fish and lake trout from Great Slave Lake, under licence and supervision of the federal government, divided among six competitors, who net from boats in summer and through the ice (six feet) in winter to be processed at Yellowknife, and supply markets in U.S.A. and Canada, some three to four thousand kilometers distant. Can you beat that, and we didn't know.

It will be nice for the Milburns, Myrtle and Leonard, to live here at Extendicare together since her admission on Saturday. There seems to be a determination to keep this a full house.

Capt. Douglas Burry of the Haliburton Salvation Army, two of his officers, Mrs. Lilian Hague and Mrs. Amelia Sibley, and Leslie Roberts with his guitar gave us a nice session of sacred songs while they were making Extendicare rounds Sunday afternoon, just a sacred sing-song with the guitar and Capt. Burry's accordion blending.

It is remarkable that liquorice should be pronounced liquorish.

Norland Notebook

The Norland Women's Institute sponsored an evening pertaining to public health on Monday, March 5 in the community hall. Miss Helen Reid, B.Sc.N., our local public health nurse showed slides and told of the services that are available free to interested persons; services such as prenatal classes, immunization clinics, drop-in visits to discuss health concerns with the confined and the elderly, school check-ups to test for auditory and/or eye problems and special classes for dietary questions such as diabetes. A film entitled "Save Your Heart" was presented with suggestions of foods to avoid and exercises to do to have a healthy heart and cut down on the incidence of high blood pressure. Afterwards there was a question and answer period followed by refreshments which were served by W.I. members.

On Tuesday, March 6, members of the Ladies Auxiliary of the firemen held their monthly meeting in the Norland Community Hall. Plans were finalized for the dance on Saturday, March 31 which will feature the Gary Peters Wildwood group. Admission will be \$8.00 per couple and advance tickets may be purchased by contacting Jean Boyce - 454-8017.

Because the February community family dance proved so popular, another one is planned for Friday, March 16 from 8:00 p.m. to 11:00 p.m. in the community hall. There is no admission charge, refreshments will be sold at the snack bar and music will be records. Come out and celebrate the start of the winter school break.

The executive recently elected, of the Ladies Auxiliary for 1979 is president - Fae Quinn, Vice-President - Dolly LeCraw, Secretary and Social Convenor - Della Howard, and Treasurer - Laura Gaunt.

Lucky Colin (Buck) LeCraw was again a winner of the firemen's hockey pool on Saturday, March 3.

A brown change containing a key, small amount of change, and a money order receipt to Bell Canada for \$25.00, purchased at the Cobocok post office was found near the Red and White store in Norland. If you have lost this purse, it can be recovered at the Norland post office by identifying it.

Our congratulations to Pam Potter, grade 6 student of Norland public school who won first place in her public speaking class at the Cobocok Legion hall on Tuesday, March 6. She will now compete at the zone level in Fenelon Falls Legion hall on Sunday, March 11. Everyone who heard the students' speeches has remarked how very good all 12 of them were and how difficult it must have been to judge the best.

Norland Water Board invites all residents who are serviced by the local water system to a meeting on Thursday, March 22 at 8:00 p.m. in Norland Community Hall. If you can recall the attendance at the last meeting was so poor that no executive was elected and the only business transacted was a rate increase. Remember this is your water board so mark this date on your calendar and attend this important meeting and show a concern for a commodity that none of us would like to do without.

Did you read the enclosed orange notice in your last Bell Canada phone bill announcing that the total number of "main" phones or phone numbers has exceeded the rate group 5 limit of 7500 and effective February 7, Cobocok exchange customers move from rate group 5 to rate group 6? My first thought was more customers so cheaper rates but on reading further discovered that because we can now reach more people by a local call, we must pay more for this service on our monthly telephone bill from "ma" Bell.

All ladies who are interested in recycling ideas and handcrafts come to the Norland Community Hall on Wednesday, March 21 and join the Second Venture group from 10:00 a.m. to 3:00 p.m. Bring your lunch and hot water for tea or coffee will be supplied.

Lindsay Presbyterian will be hostesses for the Bay of Quinte United Church Women's conference annual meeting on Tuesday, April 3 and Wednesday, April 4 at Cambridge Street United Church, Lindsay. The theme of the conference is "The Year of the Child" and guest speakers will be Right Rev. Dr. George Tuttle, moderator

of the United Church of Canada and Mrs. Marjory Levan, Alcohol and Drug Concerns Inc., and Women's Interchurch Council. The evening program on Tuesday, April 3, from 7:00 to 9:00 p.m. is open to all interested people of the community. All U.C.W. members should register on the first day between 11:00 a.m. and 1:15 p.m. with luncheon at 12:00 noon at a cost of \$2.00.

Norland bowling team standings as of March 7, Series 3, Game 5 - Teams of L. McLean and B. Maund - 24 pts., L. Jewell - 20 pts., B. Davey and K. Watson - 19 pts., N. Chynoweth - 14 pts.,

T. Watson - 13 pts., D. Boyce - 7 pts. Ladies high single - Marj Lee - 221; high triple - Lois McLean - 528 and high average - Nelly Chynoweth - 187. Men's high single and triple - Lyle Jewell - 257, 702 and high average - Harry Smith - 197.

Lindsay Little Theatre played to a full house on the opening night, Thursday, March 8 when they presented their hilarious comedy "You Can't Take It With You". The players performed well and I'm sure everyone who attended will agree that it was a most enjoyable evening with many a chuckle remembered afterwards.

27. THANK YOU

I wish to thank my friends and neighbours for their prayers and cards during my stay in Sunnybrook Hospital.
Myrtle Milburn,
Extending care, Haliburton
CB/14

BALASKI - The family of the late Shirley Balaski, wish to express their sincere thanks to friends, relatives and neighbours who were so kind and thoughtful. Also, special thanks to Rev. Smith and Gordon Monk of the Welch Funeral Home. 14

My sincere thanks to my wonderful friends, relatives and neighbours for their various gifts, cards, letters, inquiries, meals, baking, flowers, prayers, visits to the hospitals and since coming home. Also, all the doctors, nurses and ambulance drivers here in Haliburton and Peterborough, I am most grateful.
(Mrs.) Kathleen ("Kelly") Hunter 14

COULTER - The family of the late Arnold Coulter wish to express their sincere thanks to friends, relatives and neighbours who were so kind with cards, floral tributes and donations to the Red Cross Hospital. Also, all the food and donations that were received at the house.
Also, special thanks to Dr. Holiday-Rhodes and nurses at the Red Cross Hospital and Gordon Monk of the Welch Funeral Home.
Maud Coulter & family. 14

I wish to sincerely thank all my friends, neighbours and relatives for their many prayers, gifts, cards and letters, phone calls and visits. Thanks also for their kindness to Kevin, while I was in hospital during February. The Lord bless you, and keep you.
Alleen Brown
CB/14

22. IN MEMORIAM
AUSTIN - In loving memory of a dear father, grandfather and father-in-law, Norman, who passed away March 11, 1976.
He left us quietly
His thoughts unknown
But left us memory
We are proud to own
So treasure him Lord
In your garden of rest
For when on earth
He was one of the best.

Lovingly remembered by daughter and family; Norma, Terry, Kevin and Ricky Barnum. 14

In loving memory of Minnie May Nesbitt, who died March 16, 1968.
Gone are the days we used to share,
But in our hearts you are always there,
The gates of memory will never close,
For we miss you more than anyone knows,
With tender love and deep regret,
We who love you will never forget.
For the love you shared to all.

Sadly missed by all, Dougie, Goldie and daughter Blanche
CB/14

In loving memory of a dear husband and father, Lloyd Cully, who departed from us March 17, 1975.
We do not need a special day
To bring you to our mind
For the days we do not think of you
Are very hard to find
If all the world were ours to give
We'd give it, yes, and more
To see the face of you dear Lloyd
Come smiling at the door.

Sadly missed and ever remembered by wife,
Madeline and family. 14

In loving memory of a dear brother-in-law, Lloyd Cully, who passed away March 17, 1975.
Time takes away the edge of grief,
But memory turns back every leaf.

Sadly missed and ever remembered by Lloyd and Mary, Millie and Pauline. 14

PROVISIONAL COUNTY OF HALIBURTON ROADS DEPARTMENT ATTENTION EQUIPMENT OWNERS

Highest or lowest tender not necessarily accepted. Tenders to be returned by April 10, 1979 to:

Committee of Management,
Hyland Crest Home,
Minden, Ontario.

The Corporation of
The United Townships of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BYLAW OF THE CORPORATION OF THE UNITED TOWNSHIPS OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY THAT PORTION OF THE FORMERLY TRAVELLED EAST KENNIS DRIVE SITUATE IN REGISTERED PLAN 402, IN THE TOWNSHIP OF HAVELOCK.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Sec. 443 of The Municipal Act, R.S., 1970, as amended, that the Township Council of the Corporation of the United Townships of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario, on Monday, April 9th, 1979, at 9:00 a.m., a Bylaw to Stop Up, Close and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Havelock, in the Provisional County of Haliburton, being composed of part of East Kennis Drive, Registered Plan 402, in the said township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the North Easterly limit of Part 19, Plan 19R-207, having an assumed bearing of North 39 degrees 00 minutes West.

COMMENCING at a point which is distant 69.48 feet measured on a course of South 67 degrees 30 minutes East from an iron bar which is distant 2344.04 feet measured on a course of South 11 degrees 30 minutes 57 seconds West from the North Easterly angle of the said Lot 18;

THENCE North 40 degrees 42 minutes East, 193.99 feet to an iron bar;

THENCE North Easterly along a curve to the right having a radius of 861.51 feet, an arc distance of 208.49 feet and having a chord equivalent of 207.98 feet when measured on a course of North 22 degrees 11 minutes 51 seconds East to an iron bar;

Huskies lose

from page 7

Huskies once again finding the mark early in the action, at 2:29, when Oram connected from Shaw and Bain.

Lakefield went ahead 5 - 3 however, with a goal at 7:45. At 9:49, Bain beat the opposition goalie to move within a single goal of the home team, but Lakefield stretched it out to 6 - 4 on a goal at 12:43.

For the rest of the game the Huskies tried to muster an offence, but to no avail. Lakefield made it 7 - 4 with a goal at 13:42 and that's the

way the score remained when the final buzzer sounded.

In contrast to other league and playoff games this season, Sunday night's meeting was a tame affair, with the Huskies receiving six, two minute penalties to Lakefield's four.

Next game in the series is tonight (Wednesday) at the Dysart arena at 8:30 p.m. Friday the teams will meet for game three in Lakefield, while game four is slated for Sunday at 8 p.m. in Haliburton.

Bill Scott

from page 5

what is needed in the way of oil and gas, and to determine the best means for getting the needed supplies to the Maritimes.

Joe Clark has promised to give top priority to the establishment of a national energy policy, and to follow up immediately with extensions of pipelines that presently end in Eastern Ontario.

Clark has also promised to examine the feasibility of converting homes and industries in the Maritime provinces from oil to natural gas. We have natural gas in greater abundance than oil, and there have been recent new discoveries of vast natural gas deposits in our North.

I warned in 1974 that the unsettled and uncertain political and military situations in the Middle East would be unlikely to improve in the future, and that we were leaving ourselves at the mercy of a situation in which no one could have any confidence.

The Arab oil boycott of 1973 should have been sufficient warning to the federal government that assured supplies of cheap oil were a thing of the past. And yet, eleven years after the present government in Ottawa assumed power, Canada is mired even more deeply in an energy muddle. It has been left to Joe Clark to provide initiative and guidance.
